

About Prairie Moon Waldorf School

Prairie Moon Waldorf School, part of an independent educational movement of over 900 schools worldwide, is dedicated to recognizing the unique spirit of each child. Through a rich curriculum integrating the academic, the artistic and the practical, the Prairie Moon Waldorf School guides children to foster self-knowledge and to meet the world by awakening within them warmth of heart, clarity of thought, and strength of purpose.

Prairie Moon Waldorf School in Lawrence has been in development since 2001 and is part of a long tradition of child-centered education. The first Waldorf School (1919) was founded in Stuttgart, Germany by Dr. Rudolf Steiner, Austrian-born philosopher and educator, for the children of the workers of the Waldorf-Astoria factory. Waldorf education is as revolutionary now as it was nearly 90 years ago. Its multi-sensory approach and innovative curriculum embodies characteristics that modern educators emulate in reforming American education. Waldorf education strives to cultivate students who grow into creative, motivated, self-confident adults who are able to find purpose and direction in their lives.

Prairie Moon's Summer Camp is developed with this same intention. The program is inspired by the beauty and wonder of nature. Staff includes teachers from Prairie Moon and artists from the local community. Prairie Moon Waldorf School, a non-profit 501(c)3, welcomes children of all cultural, racial, social, ethnic and religious backgrounds.

**"Accept the children with
reverence; educate them
with love; send them forth
in freedom."**

~Rudolf Steiner

Founder of Waldorf Education

OUR CAMP

~ with an Environmental Theme

Join us on our 7 acres of fields, trees and gardens. Nourish your children's inherent connection to nature and enliven their sense of wonder. Our camp provides a balanced experience of doing, feeling and thinking in a way that stimulates fun, creativity and a sense of well-being. Surrounded by this harmonious environment of rhythm and structure, children are naturally encouraged to participate fully and freely.

RAINBOW GARDEN:

(AGES 3-6)

The Rainbow Garden provides an atmosphere that fosters curiosity, wonder and reverence for the natural world. All the 2-week-session activities include creative movement, circle games, watercolor painting, natural fiber handicrafts, baking, music, storytelling and plenty of outdoor activities in the sunshine!

THE FOUR ELEMENTS:

(AGES 7-11)

Each day will be infused with the four elements: Earth, Air, Fire and Water, weaving in and out into a balanced and harmonious summer camp journey.

EXPLORE

Come and explore the natural world that surrounds us. Each will create a nature journal with drawings, rubbings and reflections. Our explorations will also take us along a nearby creek where we can observe aquatic life. Stories, crafts and games will be integrated into our nature study.

DISCOVER

Let your child discover new aspects of their human nature through artistic tools for self-expression. Children will have opportunities to discover drama and music through improvisational games, writing and stage design. Play! Act! Pretend!

CREATE

Our summer camp will be immersed in an arts-based curriculum, from form drawing to painting, to handwork, and clay modeling. Let your child's imagination and creativity soar.

SWIM

The world of movement and games will come alive as your child reveals his/her dynamic potential with a variety of fun and cooperative-movement exercises, including swimming.

Prairie Moon Waldorf Summer Camp 2010
