

Tom Harper, Realtor®

Assisting your real estate needs while supporting Prairie Moon Waldorf School.

“When we were considering moving to Lawrence from Madison we were introduced to Tom Harper by Prairie Moon Waldorf School parents. Tom, who has been a social worker in his past, introduced himself warmly. It quickly became apparent that his strength lies not only in knowing the Lawrence real estate market yet also his ability to interact honestly, reliably and in a friendly manner with anyone who has the pleasure to meet him. He sent us many listings via e-mail that met our search criteria. When we chose a home but were not yet able to travel to Kansas he previewed it for us and took over 200 photographs of the property.

When we decided to make an offer he made the process smooth and agreeable, maintaining an extremely high level of professionalism and helpful attitude. We are extremely grateful for Tom having been our Realtor for our recent purchase in Lawrence.”
