

# PRAIRIE MOON

WALDORF SCHOOL

Permission Slip for the Application of Lotion, Chapstick and Sunscreen
--

During the colder months, some children's lips and hands may get dried out with the cold, wind and drier air. It may be beneficial for some children to have hand lotion and/or lip balm. Similarly, sunscreen protection during the warmer months may become needed by some children. Prairie Moon School requests that parents provide these products as children may have sensitivities to certain ingredients, and parents tend to have brand preferences for such products.

Please indicate permission for each of the following.

I give permission to faculty at Prairie Moon Waldorf School to:

(Please check all that apply)
